

FEAST9

QUICK REFERENCE CARD

Dental Clinic Management System
03 October 2026

- 1 Register Patient
- 2 Open Case
- 3 Print & Record Consent
- 4 Book Appointment
- 5 Log Visit/Rx/Payment
- 6 Set Follow-up

P PATIENTS

- New Patient: privacy notice tick required
- Guardian required if under 18
- Search: name, mobile, email or address
- List = active cases; 'All patients' for everyone
- 'Privacy notice pending' list for older records

C CASES (NOT RECEPTION)

- Consent: print, sign on paper, mark recorded
- Visit note completes today's appointment
- Rx by generic name; allergy check warns
- Notes/Rx/Payments: add-only, never edited
- Balance = Total Cost - Payments (live)

A APPOINTMENTS

- Dot colour = doctor; badge colour = status
- Recurring: edit ONE or WHOLE series
- No-show auto-sets next-day follow-up
- Reminder text to copy, if patient agreed
- Booking from a follow-up clears it

D DASHBOARD

- Red = overdue follow-up
- Amber = due within 3 days
- Book Appointment or Done on a follow-up
- Lab work due before a visit flagged here
- Balance tile: doctors and admins only

\$ FINANCE (DR/ADMIN)

- Reports, Analytics, Financial Assessment
- Profit = Billed - (Lab + Consultant + Consumables + Misc)
- Monthly Eval: Short vs Long Term (deprec.)
- Clone overheads into future months

! PRIVACY REQUESTS

- Front desk, doctors, admins log them
- 90-day deadline set automatically
- Only Doctor/Admin complete a request
- Erasure: exact name typed; blocked while money is owed or a case is active
- Access -> hand the patient the PDF export

WHO CAN DO WHAT

● Receptionist	Patients' contact details / Appointments / Follow-ups / Lab Work / Privacy	No medical or money
● Doctor	All clinical records + Payments / Reports / Financial / Privacy	Clinical + financial
● Guest doctor	All clinical records, but no money, Settings or Privacy Requests	Clinical only
● Administrator	Everything a Doctor can + Settings / Users / Backups / Audit Log	Full control

STATUS LEGEND

- Overdue
- Due soon
- On track
- Scheduled
- No-show
- Completed

Follow-up is NOT an Appointment: a follow-up is a dashboard reminder on a case; an appointment is a confirmed calendar booking. Booking one from a follow-up clears it.
